BED BUDDY HOT/COLD PACK CP:12

HCPCS:

• The versatile Bed Buddy Thermatherapy Wrap can be used for alternating ice and heat therapy. It provides expert recommended moist heat to help ease sore muscles, aches, and pains. It comfortably conforms to the body, even when cold. Bed Buddy is both safe and straightforward to use and is filled with 100% natural grains, herbs, and flowers. Use it as a natural alternative or compliment to over-the-counter drug treatments.
• Microwavable heat wrap.
• Expert recommended moist heat for pain relief.
• Provides both hot & cold therapy.
• Flexible form-fitting design.
• Reusable and washable.
• Filled with 100% natural grains, herbs, and flowers.
• Available in four unique scents.
• Easy and safe, use as directed.
