# Bariatric Overbed Table

HCPCS:

- In the locked position, the table can support 500 lb (Figure A)
- Structurally reinforced with a steel welded frame
- H Base Opal Frame without vanity
- Frame extends virtually the entire length of the top
- Laminate table top height adjusts from 30" to 45" in 1" increments
- 18" x 40" to reach the center line of most bariatric beds
- 2" swivel casters make for easy maneuverability
- Powder-coated base and column, with additional powder-coat finishes
