Bed Buddy Hot and Cold Wrap, Bliss Pink

HCPCS:

- The versatile Bed Buddy Thermatherapy Wrap can be used for alternating ice and heat therapy.
- It provides doctor-recommended moist heat to help ease sore muscles, aches, and pains.
- It comfortably conforms to the body, even when cold.
- Bed Buddy is both safe and straightforward to use and is filled with 100% natural grains, herbs, and flowers.
- Use it as a natural alternative or compliment to over-the-counter drug treatments.
- Microwavable heat wrap.
- Easily use the wrap as a hot pack by heating it in a microwave for warm moist heat therapy.
- Its therapeutic features work great to increase blood flow, relieve pain, and aid in healing any pain or injuries.
- Doctor recommended moist heat for pain relief.
- Moist heat therapy is proven to be more effective over dry heat.
- It can help reduce pain in just two hours compared to eight with dry heat.
