

AIRSENSE 11 DISPOSABLE FILTER

HCPCS:

- These disposable standard CPAP filters prevent airborne particles and dust from entering your CPAP device.
- They are compatible with ResMed® AirSense 11, and AirCurve 11 and are comparable to ResMed® part #39301.
- Filter material improves air quality and protects your CPAP/BiLevel machine from large airborne particles
- Easy to fit and should be replaced every 2-6 months depending on household air quality
- Compatible with ResMed® AirSense 11, and AirCurve 11 CPAP/BiLevel machines
- Disposable, not suitable for washing
- Quantity: 2 per pack
- AirSense and AirCurve are trademarks of Resmed® Corp.
