

Disposable Standard CPAP Filters Compatible with ResMed® Devices

HCPCS:

- These disposable standard CPAP filters prevent airborne particles and dust from entering your CPAP device.
- They are compatible with ResMed® S9 Series, AirSense 10, and AirCurve 10 and are comparable to ResMed® part #36851.
- Fibrous material that keeps airborne particles such as hair, dander, and dust out of your CPAP device
- Easy to fit and should be replaced every 4-6 months
- Compatible with ResMed® S9 Series, AirSense 10, and AirCurve 10 CPAP/BiLevel machines
- Quantity: 2 per pack
- S9, AirSense, and AirCurve are trademarks of Resmed® Corp.
