

ULTRA-5 UVC DISINFECTOR

HCPCS:

- Ultra-5 Ultraviolet Disinfectant
- No irritating ozone
- 2 Cycle times
- Large disinfection chamber
- The Roscoe Ultra-5 Ultraviolet Disinfectant uses the natural disinfecting power of UV-C light to destroy common viruses and bacteria* on non-medical personal items such as cell phones, keys, etc.
- The extra-large disinfection chamber accommodates bigger or multiple items and the option of 5 or 10-minute disinfection cycles.
- Common household items are bathed in disinfecting 253.7 NM UV light that produces no irritating ozone.
- Plus, the Ultra-5 is easy-to-use:
 1. Load & close the chamber, power on
 2. Select the cycle time & press the UV button
 3. When the indicator sounds and the UV light is no longer visible, remove your disinfected items!
