Adjustable Bath & Shower Seat

HCPCS:

• Comfortable contoured seat and backrest, the bath chair combines shower safety and comfort with a contoured design for long periods of sitting
• The heavy-duty shower chair is made of durable molded plastic with aluminum legs, the aluminum frame flares help distribute weight for safety and stability
• The shower seat for seniors features side handles for a grippable support surface, this makes it an ideal handicap shower seat by preventing falls and slips
• The adjustable shower chair easily adjusted with the push-of-a-button on each leg
• The shower chair for elderly assembles in minutes with no tools needed, it can be taken apart to be used as a convenient travel shower chair
