

AquaSense Shower Spray

HCPCS:

FIGURE A

FIGURE B

FIGURE C

A hand held shower spray that features a longer and sturdier hose enables the user to safely sit while showering; making personal hygiene more secure it is also easier for a healthcare provider to help in bathing. An on/ off water switch provides added control to momentarily stop and restart, while maintaining the water temperature at the desired temperature.

- 3 spray settings activated by an easy-turn spray dial
- Ultra-long 80, stainless steel, tangle-free hose allows you to shower comfortably while sitting
- Suitable for bathing young children or washing pets, etc.
- Installs in minutes, without plumbers or tools
