FIGURE C

• Quiet, smooth operation/Easy-to-use Hand Pendant electrically controls Head/Foot/Contour positioning and overall height of the bed frame for maximum comfort and versatility for the patient and caregiver
• Clip-on pendant mounts on bed rail, within easy reach to operate all adjustments
• Variable Comfort Chair and Cardiac Chair (with Trendelenburg/Reverse Trendelenburg staff control option) adjustability helps provide added comfort and relaxation positioning for the resident and facilitates caregiver accessibility
• Cardiac Chair positioning is beneficial for residents with heart and respiratory problems that find the semi-upright position brings comfort and relief by elevating the torso from the waist up, which provides relief to the lungs, increases circulation
• Trendelenburg/Reverse Trendelenburg capable positioning with Staff Control Option is ideal for rehab and sub acute care, provides therapeutic benefits that can aid in circulation and ease discomfort
• Edema foot ratchet elevates the foot end of the bed
• 4 heavy duty Euro style roll at any height steer & locking casters provide easy maneuverability and secure lock positioning
• Adjustable wall saver minimizes distance between wall to bed frame to prevent damage with/without optional Trapeze
• Adjustable mattress retainer securely supports mattress position for 80'', 84", 88" length
• Built in push button width expansion from 39" to 54" width
• All Steel frame and no sag slat deck construction provides superior strength, durability, mattress support and is easy to clean
• Optional oversized Bed Ends with bumper bar available in choice of 5 attractive wood grain laminate colors will compliment most any d©cor
• One button drop down padded Assist Rails are standard for patient comfort and safety
• Optional Embedded Staff Control at the foot end of the bed with Trendelenburg/Reverse Trendelenburg positioning and lock out feature provides easy access for position adjustments
• Optional extra padded assist bars, trapeze and integral weigh scale (P2002-WS)
• Optional Battery Backup for emergency use when loss of power occurs
• 1000 lbs weight capacity*
• 80", 84", 88" sleep surface
• 39" width w/integral expansion to 54"
• 19" low height 32" high working height
• Intertek ETL Classified
• Certified to CAN/CSA Std C22 2 No 60601-1 & 60601-2-52
