

ProBasics Steel Drop-Arm Commode,

HCPCS:

• The ProBasics Steel Drop-Arm Commode features a durable steel frame with an easy-release push-button arm mechanism allowing for safe lateral patient transfers to and from the commode.
• The anti-slip, soft Hypalon® armrests provide extra comfort and support.
• The frame can be configured to be used as a bedside commode, toilet safety frame or raised toilet seat.
• The tool-free removable back makes configuring the commode easy for any application.
• Durable steel frame provides strength and stability
• Equipped with easy-to-release arm mechanism allowing for safe lateral transfers to and from the commode
• Push-button drop-arm allows easier side transfer
• Soft, slip-resistant Hypalon® covered armrests
• Seat height readily adjusts in one-inch increments
• Bucket slides easily into place
• Removable backrest
