PrimeMat 2.0 Impact Reduction Fall Mats

HCPCS:

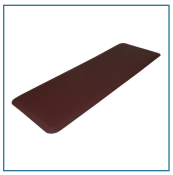

FIGURE A

• Full 72" length provides maximum coverage alongside bed
• Tough and lightweight - Mats are constructed from high quality molded Polyurethane foam inner core (210kgs/cubic meter) to provide maximum absorption and rebound to reduce impact in the event of a fall
• Passed 5 foot "Egg Drop Test" - an egg was dropped from 5 feet above the mat without damage
• Low profile with tapered edges allow equipment such as overbed tables or patient lifts to roll over easily
• Anti-slip bottom netting keeps the mat secure to help prevent accidental tripping
• Embossed non-slip PVC leather look top is not only attractive but extremely durable and puncture resistant
• Non-slip pattern helps minimize slipping and is easy to clean with mild soap and water
• Available in two colors Brown & Gray
