STRENGTHBRACE Universal Knee Compression Sleeve

HCPCS:

• The STRENGTHBRACE Universal Knee Compression Sleeve is the perfect addition for patients who wear a hinged knee brace for compression purposes.
• With a neoprene lining, it's comfortable and prevents the knee brace from sliding or moving.
• Wrap-around style is universal, fitting a wide range of patient sizes
• Neoprene lining keeps knee brace in place
• Decreased material bulk for added patient comfort
• Can be worn on either knee
• To give patients added comfort and support to their knee brace, purchase the STRENGTHBRACE Universal Knee Compression Sleeve.
