StrengthTape Kinesiology Tape, 5M, Beige

HCPCS:

• STRENGTHTAPE® features long-lasting durability and effectiveness on common injuries.
• Class exclusive AllSport adhesive helps it sticks for up to 7 days through water, sweat, and mud to support injured muscles and tissues while still allowing full range-of-motion.
• STRENGTHTAPE® is made of breathable cotton and Spandex.
• It is not made with natural rubber latex.
• STRENGTHTAPE® Pre-Cut rolls include tape for up to 10 complete applications.
• Uncut rolls come with 5 meters of uncut tape.
• Each roll includes easy-to-follow instructions for the most common injuries.
• Additional application videos can be found at www.strengthtape.com.
