This patented flexible cup bends and extends like a straw to make drinking easier for those who struggle with neck issues, limited range of motion, or difficulty sipping through a straw. Easily bend the cup at the desired angle, fill it with liquid, and drink from the extended lip so a nose doesnÄôt bump the opposite edge.

- Bends and extends like a straw without tilting head
- Polypropylene cup with non-slip TPE hand grip and bottom
- Holds 10 fluid ounces
- Measurement markings to track intake
- Non-toxic. Free of BPA, chlorides and phthalates
- Top-rack dishwasher safe. Fully extend cup before putting in dishwasher to clean bellows
- Cold and warm beverages
- Comes with 2 cups in a box
