AccuRelief Wireless TENS Unit

HCPCS:

• The AccuRelief Wireless Pain Relief Device is a wireless compact electrical TENS unit that delivers powerful targeted pain relief using a remote control.
• Includes two gel pads which allow you to surround your pain, as opposed to other competitive TENS products that come with one adhesive pad.
• Move around freely without wires while enjoying the effects of TENS therapy.
• AccuRelief is available without a prescription.
• A simple, drug-free solution for arthritic, muscular, joint and back pain relief.
• One pre-set program with three therapeutic phases
• 30-minute treatment sessions
• 25 levels of adjustable intensity
• Includes storage pouch
