InTENSity IF Combo (TENS/IF) Device

HCPCS:

• NOTE: Class II - Rx Required
• The InTENSity IF Combo combines TENS and Interferential treatment, giving you the best chance of treating patients that need something stronger than TENS therapy alone.
• The IF Combo has four modes of operation in both TENS and Interferential, ensuring that your patient is getting the most pain relief.
• The unit is 105 mA strong and comes complete with an AC adapter to allow patients to get relief anywhere.
• Simple to operate, portable device for pain management
• Combines TENS and Interferential treatment for patients needing stronger therapy
• Comes complete with carrying case, two sets of lead wires, 9-volt battery, AC adapter, manual and pack of four self-adhesive reusable electrodes
• Power Source: Standard 9-volt battery or AC adapter
• Dimensions: 4.5" x 2.55" x 0.9"
• Weight: 0.28 lb.
• with battery
