Self-Adhesive Electrodes, 2" Round White Cloth, Foil Pouch

HCPCS:

• The 2" Round White Cloth Electrodes are made with the highest clinical standards and are for use with TENS and EMS units.
• These highly conductive electrodes deliver more current to better distribute across entire pad.
• They are self-adhesive and easy to use, and with premium white cloth and a full-coverage wire connector, they are durable and safe for any user.
• Self-adhesive pad for ease of use
• Flexible carbon layer allows for maximum charge delivery and comfort
• Durable and comfortable premium white cloth backing
• Durable and reliable full-coverage wire connector
• 4 electrodes/pack; comes sealed in tamper-proof foil bag
• 10 packages/bag
• Size: 2" round
• Can be reused up to 15 times per pack
