Balanced Aire Non-Powered Self Adjusting Convertible Mattress with Pump Kit

HCPCS:

• Versatile reactive mattress replacement system with self adjusting air/foam cells provides outstanding pressure redistribution and shear/friction reduction
• Tubing to attach pump to BA9600NP Mattress System is included.
• Designed to prevent, treat and heal pressure ulcers in the home or long term care setting
• Add an alternating pressure pump and the Balanced Aire easily converts to a dynamic powered system (14005E or BA9600-PUMP)
• 2.5" Hybrid Visco foam top layer provides immersion, premium comfort and heat dissipation
• High density foam perimeter provides firm edge support and facilitates safe patient transfers
• Heel slope redistributes pressure away from vulnerable heels
• Self-adjustment can be open cell or closed cell to meet individual needs
• Self-Adjusting air cells recognize body weight and pressure and adjust to reduce interface pressure and improve patient comfort
• Eight non-circular cylinders prevent "rolling" or "gapping"
• Removable 4 way stretch PU cover is fluid resistant, low shear and vapor permeable helping protect the skin from friction and moisture
• Arrives patient ready easy to deliver, set up and transport
• Foam and cover are antimicrobial, antifungal, and latex free
• Meets flammability standards CFR1632 and CRF1633
