ProBasics IV Pole, 4-Leg, 2-Hook

HCPCS:

• The ProBasics IV Pole is perfect for hospital or at-home IV therapy, with twin wheel swivel casters that are easy to glide across hard floor or carpet.
• It is also accessible for everyone, with a wide height adjustment range.
• Chrome-plated and made of durable hammertone steel
• Offset low profile base keeps IV pole stable
• Twin wheel swivel casters allow for IV pole to move smoothly across hard floor or carpet
• Twist lock provides full range of height positions
• Two-pronged removable top keeps IV containers securely in place while making IV pole easy to store and transport
• Height adjustment: 45.5" to 79"
• Base size: 23"
• Quantity: 2/case
• Purchase your ProBasics IV Pole for smooth mobility during hospital or at-home IV therapy.
