ProBasics K2 Wheelchair with 20" x 16" Seat and Elevating Legrests

HCPCS:

• The ProBasics K2 Standard Hemi Wheelchair is designed to meet a variety of patient profiles.
• With a patient weight capacity of 300 pounds, a dual axle for hemi-height adjustment and multi-position caster forks, it is one of the more versatile wheelchairs on the market today.
• Standard features include flip back removable padded armrests, easy-to-clean vinyl upholstery, chart pocket and heel loops on the front riggings.
• Slide tube, powder-coated silver vein steel frame
• Dual axle provides easy transition of seat height to hemi-level
• Easy-to-clean, comfortable vinyl upholstery
• Flip-back, padded, upholstered armrests are removable
• Chart pocket on back for additional convenience
• Includes elevating padded legrests with composite footplates
• Elevating legrests are equipped with a pneumatic piston for infinite elevating positions
• Easy push-to-lock wheel locks
