Multi-Use Accessory Bag

HCPCS:

• Designed with comfort and customization in mind, wear the bag over your shoulder or secure it to your mobility device using the easy-to-adjust fastening clip. The front pocket has a magnetic button closure to access items like keys and electronic devices, and a large interior pocket with O-ring zipper closure. Versatile and functional, the bag is constructed of lightweight nylon material and a reinforced back foundation for added durability.
• Back strap attachment with secure, adjustable clip
• Securely attaches to wide range of mobility aids
• Spacious interior pocket with zipper closure and key ring
• Front pocket with magnetic closure for added security of belongings
• Reinforced back foundation maintains bag shape for added support
• Interior small pockets and zipper pocket
• Fully-lined pockets and interior
• Removable, optional cross-body carrying strap
• Treated with water resistant technology
• Spot clean with wet cloth
