ProBasics Sure Lever Release Folding Walker with 5" Wheels

HCPCS:

• The ProBasics Sure Lever Release Walker is an ideal design for patients with manual dexterity limitations.
• The sure lever release folding mechanism allows users to close the walker without removing their hands from the walker handle.
• Ample height adjustment options coupled with a sure lever release folding mechanism make it easy to use and accommodating to the most demanding patient needs.
• Supports patient weights up to 350 pounds.
• Attractive, lightweight aluminum frame
• Sure lever release folding mechanism allows users to close the walker without removing their hands from the walker handle
• Each side operates independently to allow easy movement through narrow spaces and greater stability while standing
• Front cross brace near top of walker allows for full stride
• Adjustable height settings
• Vinyl contoured hand grip for added comfort and long lasting wear
• Rear glide cap allows for walker to slide easily and smoothly over most surfaces (come standard on models with 5" wheels)
