Upeasy Seat Assist (Plus)

HCPCS:

• This portable and economical lifting seat is perfect for those who need help to stand.
• It activates automatically as the user stands, lifting up to 70% of their weight up to 340 lbs.
• It is fully self-powered and does not require electricity instead using a hydro-pneumatic gas spring.
• The patented LeveLift Technology ensures gentle and safe lift without pushing you forward.
• Weighing just 9 lbs., it has a built-in carry handle and works on most armchairs or sofas.
• The 100% polyester cover is fully washable and the polyurethane foam cushion is easy to care for.
• Provides up to 70% lift assistance for those up to 340 lbs.
• Use in or outside the home on most armchairs or sofas
• Self-powered, uses no electricity or batteries
• Patented LeveLift Technology
