Uplift Premium Seat Assist (Plus)

HCPCS:

• The Uplift Premium Seat Assist is powered by a hydro-pneumatic gas spring and uses no batteries or electricity.
• Weighing just 9 lbs., this lifting seat is highly portable with a built-in carry handle.
• Patented LeveLift Technology provides a gentle, safe lift without pushing you forward.
• It activates automatically as the user stands, lifting up to 70% of their weight up to 230 lbs.
• Great for use at home or away, the waterproof cover and memory foam cushion ensure years of comfort.
• Stand without assistance using this premium portable lifting seat.
• Provides up to 70% lift assistance for those up to 350 lbs.
• Use in or outside the home on most armchairs or sofas
• Self-powered, uses no electricity or batteries
• Memory foam cushion helps prevent pressure sores
• Patented LeveLift Technology
