TENS 7000 2" x 2" Electrodes

HCPCS:

• Keep your TENS therapy sessions going with our premium TENS electrode pads. Premium Quality TENS Electrode Pads provide a top-quality electrode at an affordable price. The pig-tail style lead wire interface was designed to optimize current distribution across the pre-gelled self-adhesive pad. These medical-grade over-the-counter (OTC) TENS pads are reusable and come in a double-sealed, resealable package to help prolong each electrode's life! TENS 7000 electrodes are durable, do not contain natural rubber latex, and can last for multiple skin applications.
• Compatible with most electrotherapy stimulation devices.
• Comes in either 16 or 48 pack.
• Over-the-counter approved.
• Pre-gelled and does not contain latex.
• Lasts longer than most TENS therapy replacement pads
