Roscoe Contoured Lumbar Back Cushion

HCPCS:

• Our Contoured Lumbar Cushion is a pressure-relieving back pillow that helps support your mid and lower back.
• Whether you'??re at home, on the job or in your car, our contoured lumbar support cushion will ease discomfort and pressure, while helping to improve circulation and overall comfort.
• Our lumbar support also helps your back "work less" to maintain posture, even during prolonged sitting.
• Made from contoured foam with side support wings to provide maximum support while helping maintain proper spinal curvature.
• Ergonomic shape promotes healthy posture and relieves mid and lower back pain for extended periods
• Contoured foam is precision cut for proper support
• Convenient positioning elastic strap to secure on any chair
• Highly versatile cushion can be used at home work or when traveling
• Side wings hug you from behind to keep you in correct position
• Deluxe black fabric covers removes for easy cleaning
