Easy-Flex 10' CPAP Tubing

HCPCS:

• The Easy-Flex 10' CPAP Tubing is lightweight and soft, providing patients with an economic option at the high quality they expect.
• This improved tubing is lighter and more flexible than comparable tubing.
• Tubing is 10' in length and equipped with 22 mm connectors, making it easy to substitute for standard tubing
• Compatible with nearly all CPAP, APAP, BiPAP, and BiLevel systems from every manufacturer on the market
• Flexible, light, and soft for comfort and ease of use
• Dark gray in color
• Packaged individually and intended for single patient use
• Purchase your Easy-Flex 10' CPAP Tubing for the best and easiest CPAP treatment experience.
