5 Liter Concentrator

10 Liter Concentrator

iFill[®] Personal Oxygen Station

iGo[®] Portable Oxygen Concentrator

iGo[®]2 Portable Oxygen Concentrator

WEIGHS LESS THAN 5 LBS.!

Why iGo2 POC?

The first-of-its-kind iGo2 portable oxygen concentrator uses patented SmartDose® Technology to automatically adjust your oxygen setting.

How does the SmartDose® Technology work? The technology detects your breath rate and will deliver more oxygen when it increases, ensuring that your oxygen level stays consistent.

You'll no longer have to manually adjust oxygen settings and will gain the freedom and confidence to live a more active lifestyle!

Features:

- Weighs less than 5 lbs. with battery installed
- Easy-to-read and -access LCD screen
- Readily accessible battery pack
- Fits in a convenient carry bag with pockets for extra batteries
- Choice of delivery modes – SmartDose Technology or standard PulseDose® mode
- More sensitive conserver trigger with the ability to detect your breathing at a lower pressure than other concentrators— you receive the oxygen you need without delay!
- Protective, rugged overmold provides an extra layer of protection against drops and damage
- Federal Aviation Administration (FAA)- compliant for air travel

Accessories
