Move with greater ease and confidence with the M+D by Drive® Comfort-Plus T-Handle Cane, featuring a cushioned ergonomic handle, 12 adjustable height settings (27"38"), and a secure wrist strap for comfortable, personalized support. A durable rubber tip provides reliable traction indoors and outdoors, making it a dependable everyday mobility solution wherever life takes you.

- The Comfort-Plus ergonomic handle on our walking cane features a cushioned grip for supportive comfort.
- The treaded rubber Flex-Grip tip on these canes for men and women provides reliable traction on varied surfaces.
- The adjustable walking cane features 12 adjustable settings (27"38") to fit most users from 5′ to 6′5".
- The walking cane for women and men is crafted from ultra-durable anodized aluminum for long-lasting use without added weight.
- The T-handle on our walking cane for men rests securely against walls and includes a handy wrist strap to keep the cane close and prevent dropping.
