FIGURE D

The MD by Drive ergonomic folding bath seat prioritizes safety, offering stable support for seated bathing. It features a sturdy frame, flex-comfort backrest, and angled leg tips to improve grip and reduce slipping. With seven adjustable height settings and a fold-flat design for easy storage, its a practical and reliable addition to any bathroom.

- Designed to fold flat for convenient, space-efficient storage in bathrooms, closets, or on the go
- Non-slip, water-channeling feet offer secure traction to help prevent sliding
- Adjustable legs provide customized support
- Seat is equipped with drainage holes for faster drying
