MD by Drive X-Fold Shower Chair

HCPCS:

• More Room. More Comfort. More Confidence: With a 19.7 wide seatapproximately 32% larger compared to 16W × 13.5D shower chair seatsX-Fold provides enhanced comfort and stability for a broader range of users.
• One-of-a-Kind AdjustmentNo Buttons, No Tools: The patented X-Fold mechanism allows users to adjust to three seat heights (18, 20, 21) without buttons or toolssimplifying setup for both caregivers and users.
• Safer on Wet Surfaces: Angled anti-slip feet with water-dispersing treads help channel water away and maintain strong traction, improving stability in wet environments.
• Fast-Drying Design: Integrated drainage channels and holes prevent water pooling, helping the seat dry quickly and supporting a cleaner, more hygienic experience.
• Flexible Support for Real-World Needs: Versatile 3-in-1 design adapts to the usernot the other way aroundfunctioning as a stool, bench, or full chair with removable backrest and armrests to support a wide range of needs, spaces, and transfer styles.
• Lightweight Yet Durable: Weighing just 11.5 lbs with a 300 lb weight capacity, X-Fold is easy to handle without compromising strength or stability.
