ProBasics Bariatric Shower Bench without Back

HCPCS:

• The ProBasics Bariatric Bath Bench is designed for individuals who require seating support and stability when bathing or showering.
• The bench features a special cross brace design with a heavy duty blow-molded textured seat that can support patient weights up to 550 pounds.
• The angled legs have one-inch, easy-snap button adjustments and wide-based, non-skid feet for added sturdiness and safety.
• Tool-free assembly and limited lifetime warranty are standard.
• Comfortable, blow-molded seat with integrated handles for additional support
• Dual cross brace design reinforced with aircraft-style rivets for extra stability
• High-strength aluminum frame to prevent corrosion
• Textured contoured surface with drainage holes to reduce slipping and increase comfort
• Wide-based tips help increase stability
• Legs are height adjustable in one-inch increments with heavy duty height adjustment pins to accommodate larger individuals
• Quick tool-free assembly
