- Thermostatic mixing valve Provides an anti-scald protection that dispenses 15 gallons per minute for fast tub fill
- Built-in disinfection system The most time-efficient solution for disinfection of the bath's external surfaces and minimizes the risk of cross-infection
- The built-in disinfection system cabinet is conveniently located on the top side of the tub for easy access
- The lockable cabinet provides a secure place for cleaning supplies and disinfectants
- · Handheld shower wand Hair and upper body washing can be used at the same time the tub is filling
- · Water temperature display Monitors tub-fill and shower wand temperatures
- 3/4" supply lines Constructed of stainless steel mesh clad
- Lap and shoulder harness Used for resident safety
- Secondary door lock Prevents accidental door opening when in use
- The CleanDrive Air Spa System Variable speeds and pulse modes designed to enhance the bathing experience for the resident and caregiver
