• CONTACT YOUR SALES REP TO PLACE AN ORDER. This product is not purchasable online.
• Thermostatic mixing valve - Provides an anti-scald protection that dispenses 15 gallons per minute for fast tub fill
• Built-in disinfection system - The most time-efficient solution for disinfection of the baths external surfaces and minimizes the risk of cross-infection
• The built-in disinfection system cabinet is conveniently located on the side of the tub for easy access
• The lockable cabinet provides a secure place for cleaning supplies and disinfectants
• Handheld shower wand- Hair and upper body washing can be used at the same time the tub is filling
• Water temperature display - Monitors tub-fill and shower wand temperatures
• 3/4" supply lines - Constructed of stainless steel mesh clad
• The CleanDrive Air Spa System - Variable speeds and pulse modes designed to enhance the bathing experience for the resident and the caregiver
