• Whether you're post-surgery or providing your family members with independence in the washroom, this raised toilet seat will provide added support for getting safely on and off one's toilet
• 3 easy-to-assemble configurations for maximum versatility
• Use without handles for maximum space and easy access
• Use one handle for easy lateral access and a secure grip
• Use both handles for more security and support getting up and down
• Allows the user to position the armrests in order to adapt the product to his / her preference and to the different stages of recovery
• Proprietary body-contoured shape with an improved perinea scoop
• Attaches securely to most standard and elongated toilets for superior flexibility
• Raises toilet seat height 4" (10 cm) on 770-618 and 2" (5 cm) on 770-617 for better access and security
• Easy-to-clean polyethylene for fuss-free clean ups
• Corrosion resistant for increased durability
• Easy and quick set-up
• AADL# B230
