

Sliding Transfer Bench

HCPCS:

- The Sliding Transfer Bench with Seat and Back provides an easy way to transfer in and out of the tub.
- The bench slides smoothly left and right along the frame, and comes equipped with a seat belt for added safety.
- Specially-designed sliding rings lock the seat at each end of the sliding rails
- Seat glides smoothly in and out of the bathtub or shower over polished, high-strength aluminum tubes
- Comfortable, molded plastic seat with textured finish
- Rust-proof, lightweight aluminum construction
- Adjustable height to fit user and bathtub clearance
- Comes with safety belt strap
- No tools necessary for assembly
- Sold as each
