

Aquasense Adjustable Transfer Bench

HCPCS: E0247,E0247

- Slide effortlessly over the tub wall of your bathtub with your AquaSense® Transfer Bench.
- The Adjustable Bathtub Transfer Bench, by AquaSense®, is knocked-down and blow molded. It is built with a light weight anodized rust-resistant frame. The transfer bench's legs have nine (9) adjustments in 1.2" increments to accommodate different bath tub heights.
- Both lightweight and durable the rust-resistant aluminum frame supports up to 250 lbs.
- Each leg includes a non-skid, non-slip tip offering security on wet surfaces.
- A removable push-button armrest supports transferring in and out of the bathtub.
- Simply and quickly adjust the height with the help of a push pin to achieve the ideal seated position. Seat height adjustments on this model range from 18" to 22".
- Drainage holes help to prevent water from pooling, making the bench more comfortable, less slippery and ensuring transfer from bathing to exiting the tub is more secure.
- Push button, snap together design requires no tools and assembles in just minutes.
- Feel good knowing that plastics parts of this product are made using recycled materials.
