- Our popular offset ergonomic cane now featuring our innovative QuadPod ultra-stable tip
- QuadPod tip is ultra-stable and supportive, while being 54% lighter than a large base quad cane
- The unique design re-centers itself for maximum stability
- Allows your cane to stand on its own
- The ergonomic handle with a cushioned grip helps absorb shocks
- It is ideal for those with arthritis
- The 12 push-button height settings ensure this cane can be adjusted to fit you properly
- Built for longevity from ultra-durable lightweight anodized aluminum
- Includes a cane strap with reflective patch for added night time safety
- Fits most people 5'6"
- AADL# C086
