Roscoe Knee Rollator (Burgundy)

HCPCS:

• The Knee Rollator offers increased comfort and ease of mobility to patients who cannot put weight on their foot or ankle, but want to remain active.
• With its four large wheels and padded knee platform, the Knee Rollator is perfect for indoor and outdoor use.
• The offset post on the aluminum knee platform allows for right-to-left adjustment in seconds - no tools required.
• The Knee Rollator is equipped with an easy folding mechanism that collapses using a thumb release lever and fits beneath the raised knee platform for ease of storage and transportation.
• Steerable Knee Rollator is ideal for patients recovering from lower leg injuries.
• Shielded rear drum braking mechanism for improved dual rear braking and increased service life by reducing wheel/brake wear and maintenance.
• Split knee cushion is both slip and fluid resistant, padded and contoured for comfort and is offset and fully adjustable/customizable for patient safety.
• Durable 8" air-cushioned, polyurethane wheels for a stylish, comfortable ride and minimal roll resistance.
• Precision wheel bearings for durability and a smooth, quiet ride.
• Fold down, height adjustable tiller/steering column features textured, slip-resistant hand grips and an adjustable locking hand brake for maximum security.
• Limited Lifetime Warranty
