- Weight capacity of 600 lbs
- Base option: Manual
- Elegant, contemporary design with soft lines but still heavy duty
- Oversized sealed rear casters roll easily and lock securely
- Easily lifts resident from floor
- Redundant controls allow for use even if hand control is inoperable
- Smart & Safety Technology LCD display
- Visual battery fuel indicator on Hand Pendant and Lift Control Module
- Auditable low battery alert fuel indicator
- Lift safety stop if resident or caregiver accidentally gets in the way of the boom arm
- Audible Alert if the lift detects weight overload
- Maintenance monitoring: by months or lift cycles
- Audible Alert that maintenance is due
- NEW Six-point cradle with spring clips offer a more secure and wider foot print reducing sling squeeze, shallow height
- offers greater height range
- Can be charged on, or off the lift
- Includes 1 battery and external charger stand
