Roscoe Reusable Hot/Cold Gel Pack (5" x 10")

HCPCS:

• The Roscoe Reusable Hot/Cold Gel Pack can be heated in the microwave to help relax sore muscles and promote increased blood flow or chilled in a freezer to help reduce swelling and blood flow.
• It is made of a durable, gentle material and can be reused whenever needed.
• Can be used to treat a variety of injuries with cryotherapy or heat therapy, as it can be both chilled in a freezer or heated in a microwave
• Made of soft touch material for durability and comfort
• Stays flexible even when frozen, so pack can be molded to any body part for targeted therapy
• Reusable, can be cleaned hundreds of times
• Size: 5" x 10"
• For a versatile gel pack capable of both cryotherapy and heat therapy, purchase your Roscoe Reusable Hot/Cold Gel Pack.
