Bariatric Ultra-Care Perimeter Plus System

HCPCS:

• The Ultra-Care Perimeter Plus is a combination mattress system providing both alternating pressure and low air loss surrounded by a high-density foam perimeter.
• The mattress features a 5" alternating pressure ventilated upper surface combined with an integrated 3" foam base to provide a full eight inches of therapeutic support with bottom-out protection in the event of a power failure.
• The high-density foam perimeter allows for easy patient egress.
• This unique system addresses both the prevention and treatment of pressure ulcers as well as easier patient transfer both in and out of the support surface.
• "Pump: WARNING: This product can expose you to chemicals including Lead, which is known to the State of California to cause cancer or birth defects or other reproductive harm.
