

M6/C M9 Cylinder Backpack

HCPs:

FIGURE A

FIGURE B

- The Cylinder Backpack is a budget-friendly carrier option that allows patients to comfortably and conveniently transport their oxygen tank.
- It securely holds M6/C and M9 cylinders, which are not included with backpack.
- Padded, adjustable straps relieve pressure and provide comfort
- Includes dual zippers for ease of access and an accessory pocket
- Made of non-flammable, durable, and non-abrasive materials; machine washable
- Compatible with M6/C and M9 cylinders
- Color: Black
- Cylinder not included
- For an economic oxygen tank carrier that doesn't sacrifice quality, purchase the M6/C M9 Cylinder Backpack.
