Roscoe 50' Green Supply Tubing, Kink Resistant

HCPCS:

• Roscoe's Oxygen Supply Tubing provides patients with high-quality performance and maximum safety.
• It is latex-free and available in clear or a distinctive green tint color for greater visual contrast and improved safety.
• Three-channel inner lumen design is kink- and crush-resistant, providing uninterrupted flow of oxygen for maximum safety
• Tubing lies out straight when uncoiled, minimizing "torque" or pull on cannula
• Universal connectors at each end come standard
• Latex free
• Length: 50 feet
• Green-tinted for greater visual contrast; also available in clear
• Quantity: 20/case
• Not made with natural rubber latex
• For high quality tubing for your oxygen therapy, purchase Roscoe's Oxygen Supply Tubing.
