

DreamEasy Nasal Mask Starter Kit with Headgear, All Sizes

HCPCS:

- The DreamEasy Nasal CPAP Mask provides a superior seal with its removable Comfort Cushion that conforms around the nose and facial contours for a comfortable night's rest.
- Equipped with a 360-degree rotational elbow and standard 22 mm tubing connector allowing for freedom of movement when sleeping.
- Comfortable forehead silicone pad diffuses any pressure.
- Quick-release clips allow for easy removal of the mask without readjusting the headgear.
- Dishwasher safe for easy cleaning.
- Replacement Comfort Cushion seals available.
- New Starter Kit includes all three sizes and a sizing guide for new users.
- Extremely lightweight and durable
- Flexible design allows for freedom of movement while maintaining a secure fit
- Headgear with Velcro fasteners provide maximum versatility and movement
- 360° rotational elbow with standard 22 mm tubing connector
