Roscoe ZZZ Mask Full Face

HCPCS:

• The Roscoe Zzz-Mask Full Face CPAP Mask with Comfort Cushion is made of high-quality clear silicone with a virtually indestructible frame.
• The lightweight mask comes complete with headgear and dual 360° swivel port which allows for free movement and easy connection at the tubing attachment point.
• The mask is dishwasher safe and comes complete with headgear.
• Made of high-quality, lightweight, clear silicone with a flexible design
• Dual 360° swivel port at the tubing attachment point
• Air vent holes and one-way valve design help to reduce CO2 retention
• Made with half the parts of popular brands, meaning less patient confusion
• Headgear with hook-and-loop fasteners provide maximum versatility and movement
• Free of natural rubber products
• Dishwasher safe for easy cleaning
• Quick release clips conveniently allow mask to be easily removed without readjusting headgear
